CREAM-10

10W ELECTRIC GUITAR VINTAGE COMBO

SOUNDSATION presents its new CREAM series, a new array of solid state amps bringing you that unforgettable vintage feel and tone. Available in 3 versions (10W, 15W, 30W) with different features and specifications. Cream-10 is the smallest combo of the series: compact and light, featuring a phone out for silent practicing, is the perfect choice for beginners and for advanced players who need a vintage style amp within reach.
