

AUDES

DIGITAL PIANO WITH 88 HAMMER ACTION KEYS

AUDES

SOUNDSATION enriches its line of musical instruments with the new AUDES digital piano.

Equipped with 160 high quality sounds, 9 Drum Sets and 100 styles, it allows for a range of musical genres.

This professional piano has a "Hammer Action" type keyboard which, combined with a realistic piano sound and a polyphony of 128 voices, gives the impression of playing a real classical piano.

AUDES is designed with the aim of providing the user with all the functions needed for both studio and live performances.

It offers different modes with which to play such as DUAL with which you can have two sounds at the same time for the entire range of the keyboard, or the LOWER mode with which you can have one sound for the right hand and one for the left.

The built-in BT Audio Streaming /BT MIDI function and audio player via USB flash drive allow you to play your favorite songs and then play along with them.

The audio system of the AUDES digital piano was designed by expert sound designers and therefore, thanks to the two integrated 30 Watt speakers, it presents a sound that is both rich and delicate for the unique charm of this instrument.

The AUDES digital piano features a compact and elegant design which, in combination with the optional stand, makes it suitable for any environment.
