CLARITY A4BT

PAIR OF 4” 200W STUDIO MULTIMEDIA MONITORS

CLARITY A4BT

CLARITY A4BT is a pair of compact monitors that add to the well-established *CLARITY line* by SOUNDSATION.

Designed for live streaming, content creation, music production, they are also an optimal solution for home and studio recording.

CLARITY A4BT monitors are easy to set up and offer quality sound, with smooth and accurate frequency response and power up to 200W.

The connections on the rear panel of the main monitor offer 1/4" TS, RCA, OPTICAL inputs, allowing compatibility with countless devices.

A 1/8" AUX IN input and the headphone connection are positioned on the front .

The BASS and TREBLE controls let you customize the sound of the CLARITY A4BT to create just the right sound for any room.

CLARITY A4BT are equipped with the BT Audio Streaming function which allows you to switch wirelessly, transmitting audio from a smartphone, tablet, laptop or other source equipped with this function.

The MDF cabinet features a sleek, modern design with a satin black finish to make these monitors stylish and suitable for many environments.

PRODUCT DETAILS

KEY FEATURES

Two portable studio monitors with a 4" woofer with efficient paper cone and rubber surround and 1" Silk dome tweeter
50 Watt RMS / 200 Watt peak total speaker power
1/2" MDF enclosure with rear firing port for enhanced low frequencies
DSP tuned with a flat and balanced frequency response
Built-in BT Audio Streaming playback (version 5.0) with 35 foot range
Optical input to connect to your TV or other digital source
Left and Right 1/4" TS input for any pro audio sources (Mixer,Audio Interface,etc)
RCA and 1/8" AUX IN Inputs
3.5mm Headphone output
Full-range Class D Amplifier Circuitry
LED power indicator and knob for input mode selection / volume adjustment
Frequency response from 50Hz to 20kHz at -3dB
Rugged MDF cabinet with a Satin Black finish

SPECIFICATIONS

Speakers Type	Two ways
AC Power Input	110V / 240V auto-switching
Frequency response (-3dB)	50Hz-20kHz
Woofer	4” Paper Cone
Tweeter	1,0” Silk Dome
Total Output Power	50 Watt RMS / 200 Watt peak
Max. SPL	100dB
Directivity H x V (Sound Coverage Angle)	110° x 45°
High Frequency Adjustment	-10db to +5db above 6.3KHz
Low Frequency Adjustment	-10db to +5db below 100Hz
Audio Input Connections	1/4" TS (L,R), RCA (L,R), OPTICAL, 1/8" AUX IN
Headphones Output	1/8" (3.5mm)
Amplifier	Full-range Class D
Input Impedance	10K Ohm Balanced
BT Audio Streaming	Yes ((version 5.0) with 35 foot range
Cabinet Material and finish	MDF - Satin Black
Dimensions of each speaker (WxDxH)	263 x 150 x 225 mm
Speaker Weight (pair)	5 Kg
Packing size	(WxDxH)
Packing Weight	5,8 Kg
