MOOD L60 SPOT

SOUNDSATION LED SPOT MOVING HEAD 60 W MOOD L60 SPOT

MOOD L60 SPOT is part of a wider range of SOUNDSATION intelligent LED moving head lights. This lighting is compact, lightweight and very easy to use. It has been designed to meet the demands of more customers. Thanks to the 60W high-brightness white LED, with a lifetime of about 50,000 hours, it is extremely bright and reliable, the 20° beam angle, and the gobos wheel with 7 colours. And a lightweight and high-performance spot product to suit various lighting applications. Not only that, but thanks to its 16-bit precision in driving and motion control, it creates strobe effects, precise dimmers and extremely refined positioning. Finally, the multifunctional LED display has been developed to help the user configure the unit, making it easy to use, reliable in performance and versatile in application. A MUST for all lighting professionals.
