MOOD L100 BEAM

SOUNDSATION LED BEAM MOVING HEAD 100 W MOOD L100 BEAM

MOOD L100 BEAM is part of a wider range of SOUNDSATION intelligent LED moving head lights. This lighting is compact, lightweight and very easy to use. It has been designed to meet the demands of more customers. Thanks to the 60W high-brightness white LED, with a lifetime of about 50,000 hours, it is extremely bright and reliable, the 2.5° beam angle, and the gobos wheel with 7 colours. And a lightweight and high-performance spot product to suit various lighting applications. Not only that, but thanks to its 16-bit precision in driving and motion control, it creates strobe effects, precise dimmers and extremely refined positioning. Finally, the multifunctional LED display has been developed to help the user configure the unit, making it easy to use, reliable in performance and versatile in application. A MUST for all lighting professionals.
