

PAR-18W-5-B

BATTERY POWERED 5X18W RGBWA+UV 6IN1 LED PAR

PAR-18W-5-B combines all the benefits of LED technology with the portability of battery power. It is equipped with 5 pieces of high brightness, long-life 18W RGBWA+UV 6in1 LEDs. In addition to the wired DMX512 control, this fixture can also be controlled by a handy IR remote control. The PAR-18W-5-B is thus the perfect answer to all those lighting needs where you do not always have mains connections at hand or simply do not have time to prepare them, ensuring an operation by up to 5-8 hours depending on the type of use.
