GO-SOUND 8 STREET

8” PORTABLE POWERED SPEAKER WITH RECHARGEABLE BATTERY

GO-SOUND 8 STREET

Engineered for performance on the go.

Compact, portable, and remarkably powerful, this 2-way active speaker system delivers 190W of Class-D amplification, featuring an 8” low-frequency woofer and a 1” high-frequency compression driver for a balanced frequency response from 60Hz to 19kHz.

Equipped with a versatile 3-channel integrated mixer, it accommodates microphones, instruments, keyboards, and playback devices through dual combo (XLR/TRS) inputs, as well as RCA and 3.5mm TRS connections.

Adapt instantly to different environments with DSP presets optimized for Music, Speech, Monitor, and Subwoofer applications. A 100° x 60° (HxV) coverage angle ensures uniform sound distribution across your audience.

For wireless setups, Bluetooth 5.0 with True Wireless Stereo (TWS) lets you pair two units seamlessly, delivering an expanded stereo image and greater sound pressure levels.

Designed for mobility, it offers up to 10 hours of rechargeable battery life, supporting extended performance without compromise. The universal power supply (AC 100–240V, 50/60Hz) makes it ready for global use.

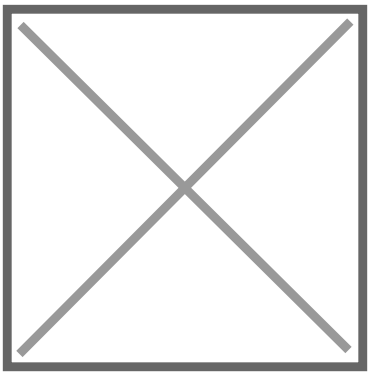

Ideal for buskers, street performers, DJs, and solo artists seeking professional-grade sound in a lightweight, road-ready format.

Unpack. Connect. Perform with confidence – anytime, anywhere.

2-Way Speaker Battery Powered Bluetooth Class-D DSP

HIGHLIGHTS

UNPACK. PLUG IN. PLAY ANYWHERE.

The magic of performing in front of people lies in the **unpredictability** of it all. Everything happens in just a few moments: it's you and your audience. All you should focus on is what you're playing, reciting, or saying.

You need to be able to plug in microphones, guitars, keyboards, other audio sources, smartphones, tablets – basically anything that helps you deliver your best. And you need **universal connections** like XLR, jack, RCA, and more. You also want to mix your sound, enhance it, add a touch of reverb, and shape it your way.

Out on the street or jumping into an impromptu set? No problem. The Go-Sound 8 Street features **powerful rechargeable batteries that can last up to 10 hours** (depending on your volume), and you can always keep an eye on the charge level thanks to the built-in battery indicators.

So go ahead – unleash your creativity. Your Go-Sound 8 Street takes care of the rest.

PRODUCT DETAILS

KEY FEATURES

2-Way Active Speaker
Class-D Dual Amplifier delivering 190W Power
Frequency Response: 60Hz-19kHz
8” LF Woofer and 1” HF Compression Driver
100° x 60° (HxV) Coverage Angle
DSP with 4 presets (Music, Speech, Monitor, Sub)
5.0 Bluetooth with True Wireless Stereo (TWS)
Built-In 3 Channels Mixer with 2-Band EQ
2 Mic/Line/Instrument Mono Channels with Combo (XLR / TRS) connectors
1 Line Channel with RCA (L/R) and 3.5” TRS mini-Jack
Balanced Mix Output
Up to 10 Hours Battery Run Time
Universal Operating Voltage: AC 100-240V 50/60Hz
Bass Boost, Feedback Eliminator, Talk Over Functions
Digital Reverb
DSP with 4 presets (Music, Speech, Monitor, Sub)
Bluetooth with TWS
Battery Charge Monitor
Automatic power-off function after a period of inactivity

SPECIFICATIONS

Speaker type	Portable 2-way active speaker with rechargeable battery
Frequency response	60Hz-19KHz
Max. SPL	115 dB
LF Type	8” Woofer
HF type	1” Compression Driver
Mic/Line/Instrument	2x XLR Combo
AUX in	1x RCA; 1x 3.5” mini-Jack
EQ	Bass
Line out	1x XLR Connector
DSP	Sampling frequency 48kHz, MIC Howling detector, Crossover, Limiter, Talk-over, Reverb, EQ
DSP mode	1. Music; 2. Speech; 3. Monitor; 4. Sub
Bluetooth	Bluetooth 5.0, TWS
Power (RMS)	LF 65W + HF 30W
Rated Power	LF 130W + HF 60W
THD	<0.1% 20Hz-20KHz
Rechargeable Battery	Lithium Battery Model HKD-6611 (11.1V - 73.26Wh - 6600mAh)
Battery operation	4-10 hours (according to Master Volume)
Recharging time	3 hours
AC Input	AC100-240V 50/60Hz
Speaker Size (WxDxH)	270 x 280 x 400 mm
Speaker Weight	7.0 kg
Packing Dimension (WxDxH)	325 x 460 x 315 mm
Gross Weight	8.0 kg
