

CREAM-15R

15W electric guitar vintage combo with reverb

SOUNDSATION presents its new CREAM series, a new array of solid state amps bringing you that unforgettable vintage feel and tone. Available in 3 versions (10W, 15W, 30W) with different features and specifications. Cream-15R is the intermediate combo of the series: compact and light, featuring 2 channels, reverb and phone out for silent practicing, is the perfect choice for beginners and for advanced players who need a vintage style and well equipped 15W amp within reach.
